## the national teachers' choir

If you'd like to join with other teachers from around the country and sing in a high-performing un auditioned national choir, then this is the group for you!

It doesn't matter how experienced or confident you are as a singer – we work with all abilities, and will support you to sing really well while enjoying yourself and developing musically and vocally. We'll also provide you with ideas and repertoire to take back into school.

We rehearse intensively over one weekend per term (lunchtime Saturday to mid-afternoon Sunday), and secure national platforms in concert venues and education conferences to showcase the choir.

**Join us for a single weekend or take a year's membership**

Next NTC weekend: **Aldeburgh Music, Snape Maltings, Suffolk,**  
Saturday 23 & Sunday 24 July 2016

**Aldeburgh Music**

Includes free informal singing workshop & performance
