What is ReelMusic?

ReelMusic is the first digital resource of its kind, created specifically for Music Hubs, Schools and Higher Education Institutions. It supports new and existing music teachers through an online, video based professional development platform.

Share

Share and create personalised playlists of video clips

Support

Support music education planning in primary, secondary and special schools

Play

Watch clips from this extensive online video resource with a bank of over 230 'bite-size' online clips
